

# GROWING OPPORTUNITIES

## Opportunities Are Growing at Spring Valley Student Farm

### Students Living at Spring Valley Student Farm Can:

- **Learn** about sustainable farming while living in on-campus housing with a community of students from diverse academic departments
- **Grow** and provide vegetables, herbs, flowers and small fruits, grown using organic methods, to UConn Department of Dining Services select restaurants, dining halls and seasonal on-campus Farm Fresh Market
- **Share** their individual and collective knowledge with the greater UConn community through the EcoHouse Learning Community and multiple on-campus collaborations
- **Lead** Tours and host volunteers at the Farm where students and the community come together to experience hands-on farming
- **Stay** Local and Dig Deeper with our 18 credit Sustainable Community Food Systems minor as part of the Environmental Studies major

**UConn**

DINING SERVICES
